PRINCIPAL
Postgraduate College of Dental Sciences

Report on the 1st Online IKAP session conducted by Dr. George Varghese

Topic: PRESCRIPTION WRITING

Coordinator: Abhilash. C

Date: 18 -May- 2020

The first online IKAP session was conducted on 18th May 2020 on Zoom application on the topic: "Prescription writing" by Dr. George Varghese, M.D.S, Principal Pushpagiri Collage of Dental Sciences, Thiruvalla. The session was conducted online because of the COVID-19 pandemic situation. The zoom application was coordinated by Jeethu Elizabeth, Intern of 2015 batch and the program was coordinated by Abhilash.C, Intern of 2015 batch under the guidance of Dr. Vinod Mathew and Dr. Sneha Mathews.

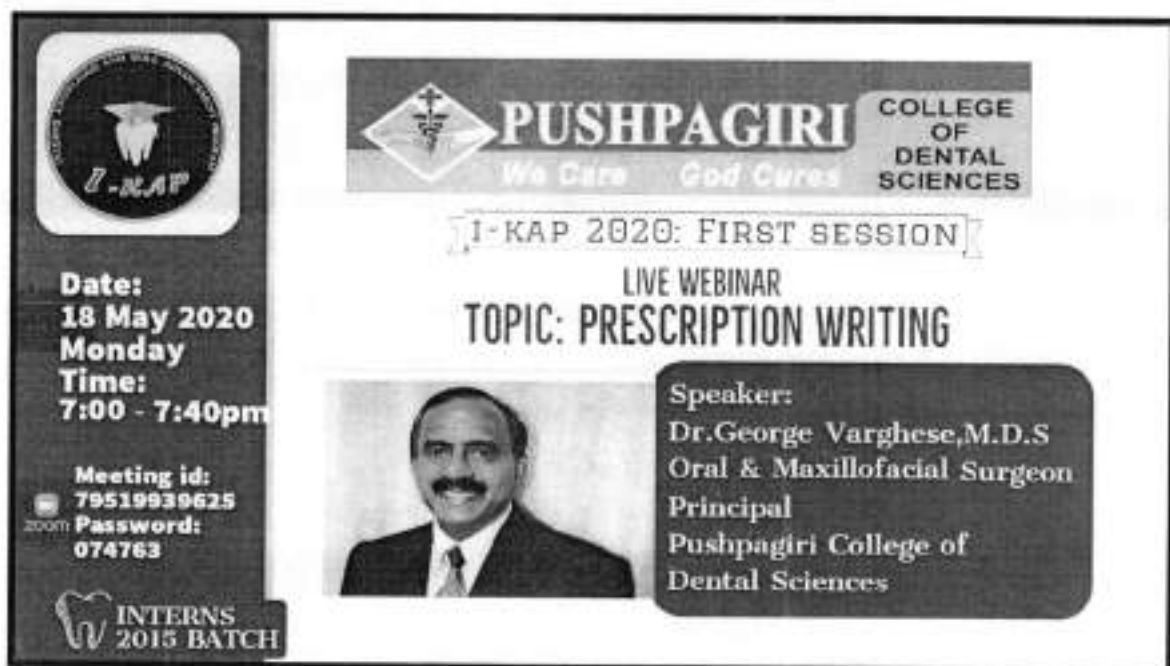

The program started at 7:00pm. The session was started by an introductory speech by Abhilash.C. Following the introductory speech, the mic was handed over to Dr. George Varghese to start with his session. The session started with Dr. George Varghese's informative lecture on Prescription writing. He gave a detailed lecture on prescription writing including all the information to be included in a prescription, details of demographic data, the importance of maintaining legibility in prescription writing and we were also enlightened

Dr. K. GEORGE VARGHESE
PRINCIPAL
Pushpagiri College of Dental Sciences

about various abbreviation used in a prescription. He also shares the importance of guiding the patients regarding correct timing of consumption and dosage. At the end of the session various doubts of interns regarding prescription writing was cleared by Dr.George Varghese sir. The IKAP session ended at 8:30pm. The IKAP session was ended by a vote of thanks by Dr.Vinod Mathew.

Poster of IKAP session:

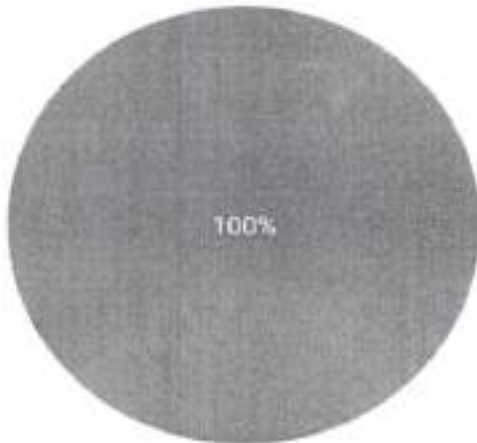

The poster is a rectangular graphic with a black border. On the left side, there is a vertical black bar containing a circular logo at the top with a graduation cap and the text 'I-KAP'. Below the logo, the text reads: 'Date: 18 May 2020', 'Monday', 'Time: 7:00 - 7:40pm', 'Meeting id: 79519939625', 'Password: 074763', and 'INTERNS 2015 BATCH' with a tooth icon. The main area of the poster is white. At the top, there is a dark grey banner with a diamond-shaped logo containing a caduceus, the text 'PUSHPAGIRI' in large white letters, and 'COLLEGE OF DENTAL SCIENCES' in smaller white letters. Below the banner, the text reads: 'I-KAP 2020: FIRST SESSION' in a decorative font, 'LIVE WEBINAR', and 'TOPIC: PRESCRIPTION WRITING' in large bold letters. In the center, there is a black and white portrait of a man with a mustache, wearing a suit and tie. To the right of the portrait, a dark grey rounded rectangle contains the text: 'Speaker: Dr.George Varghese,M.D.S Oral & Maxillofacial Surgeon Principal Pushpagiri College of Dental Sciences'.

The feedback form of the IKAP session is as follows:

Report on the 3rd online IKAP session conducted
by Dr. Shibi Mathew V

Topic : TOOTH PREPARATION FOR FULL VENEER CROWNS

Co-ordinator :Dr. Alvina Anto

Date : 29th May 2020

The third online IKAP session was conducted on 29th may 2020 on Webex Meet application on the topic "Tooth preparation for full veneer crowns" by Dr. Shibi Mathew V, M.D.S , Senior Lecturer Department Of Prosthodontics and who now works in Priority Clinic, Pushpagiri College of Dental Sciences, Tiruvalla. The session was conducted online because of COVID-19 pandemic situation. The Webex Meet application was coordinated by Dr. Jeethu Elizabeth and the program was conducted by Dr. Alvina Anto, under the guidance of Dr. Vinod Mathew and Dr. Sneha Mathews.

The program started at 7.30pm. There were about 59 participants. The session started with an introductory speech by Dr. Sneha Mathews and welcome speech by Dr. Alvina Anto. Following the speech, the mic was handed over to Dr. Shibi Mathew to start the session. The session started with relevance of crown preparation. She gave a detailed lecture on tooth preparation for full veneer crowns including indications, contraindications, advantages and disadvantages. She also detailed about principles of tooth preparation including preservation of tooth, retention form, resistance form,

[Handwritten Signature]

Dr. K. GEORGE ARACHSE
PRINCIPAL
Pushpagiri College of Dental Sciences

preservation of periodontium and aesthetics. She also shared about the tooth preparation in full metal, metal – ceramic and all ceramic crowns. She concluded the class by saying one must be able to judge correctly the type of restoration required for each individual tooth and try to follow the guidelines for the respective tooth preparation. On behalf of the interns, the various doubts appeared in Webex chatbox were discussed by Dr.Sneha with Dr.Shibi Mathew. Dr.Vinod Mathew had also made a note on relevance of radiograph, and explained how to overcome certain difficulties in various clinical scenarios. The IKAP session ended with vote of thanks by Dr.Alvina Anto at 9 pm.

REPORT ON THE 4TH ONLINE IKAP SESSION
CONDUCTED BY DR.HABY MATHEW SOMSON

Topic : DENTAL IMPLANTS

Co-ordinator : Dr.Angel Sara Thomas

Date : 5th June 2020

The fourth online IKAP session was conducted on 5th June 2020 on Webex Meet application on the topic 'Dental Implants' by Dr. Haby Mathew Somson , M.D.S , Reader , Department of Prosthodontics , Pushpagiri college of dental sciences, Tiruvalla.

The session was conducted online because of COVID19 Pandemic situation. The Webex Meet application was coordinated by Dr.Jeethu Elizabeth Kurian and the program was conducted by Dr. Angel Sara Thomas under the guidance of Dr.Vinod Mathew and Dr.Sneha Mathews.

The program started at 7.30pm with about 55 participants. The session started with an introductory speech by Dr.Sneha Mathews and welcome speech by Dr.Angel Sara Thomas. Following the speech, the mic was handed over to Dr.Haby Mathew Somson to start the session. The session started with an introduction on dental implants and the situations where we prefer an implant over F.P.D.He also explained parts and structure of implants in detail

Dr. K. GEORGE VARGHESE
PRINCIPAL
Pushpagiri College of Dental Sciences

with videos. He also talked about the rationale of dental implants and taught us how it works. Explanations of diagnosis and treatment planning were given. He also talked about the indications, contraindications, advantages and disadvantages of dental implants. The basic procedure was explained in steps with the help of videos. He also showed us pictures of clinical cases done by himself. Finally some advances in implantology was explained with a conclusion that implants should not be considered as the gold standard or an ultimate treatment option. On behalf of interns, doubts appeared in the Webex chat box was discussed by Dr. Sneha Mathews with Dr. Haby Mathew Somson. The IKAP session ended by a vote of thanks by Dr. Angel Sara Thomas.

The zoom meeting was conducted by Dr. Jeethu Elizabeth Kurian and program conducted by Dr. Maria Thomas Mangaly under the guidance of Dr. Vinod Mathew.

The session was conducted online because of covid 19 pandemic situation. The session started at 7pm with 41 participants. The session started with the introductory speech by Dr. Jeethu Elizabeth Kurian and welcome speech by Dr. Maria Thomas Mangaly. Later the mic was handed over to Dr. Akhilesh Prathap.

Dr. Akhilesh started the session by discussing why drugs are being prescribed ,its role in reducing pain and other clinical features. He then refreshed our basics of pharmacology which we learned during our course; the commonly used drugs ,their indications, contraindications, mode of action, its dosage and various effects of overdose. He mainly focused on antibiotics and analgesics, and explained why we actually use them. He explained about MIC and MBC. He also explained how the right dosage can be given and the points to remember while prescribing drugs to each patient. He also shared with us the future in research in the field of drugs. He also sited various clinical features and discussed the preferred drugs that can be used for them. Dr. Akhilesh had a really exciting mode

Dr. K. GEORGE VARGHESE
PRINCIPAL
Pushpagiri College of Dental Sciences

of explaining and understanding things by relating them to our day to day activities.

The doubts that appeared in the zoom chatbox by interns were discussed by Dr. Jeethu Elizabeth Kurian with Dr. Akhilesh Prathap. The ikap session ended by vote of thanks by Dr. Rashika Parveen.

REPORT ON 20TH ONLINE IKAP SESSION
CONDUCTED BY DR. ANNIE KITTY GEORGE

TOPIC: ENDO PERIO LESION

CO-ORDINATOR : DR. LUCY T FRANCY

DATE: 16TH OCTOBER 2020

The 20th online IKAP session was conducted on 16th October 2020 on zoom meeting application on the topic 'Endo-Perio lesion' by Dr. Annie Kitty George, MDS , Professor ,Department of Periodontics , Pushpagiri College of Dental Sciences.

The session was conducted online because of COVID19 pandemic. The zoom meeting was technically coordinated by Dr. Jeethu Elizabeth Kurian and conducted by Dr. Lucy T Francy under the guidance of Dr. Vinod Mathew.

The program started at 7:30 pm with 45 attendees. The session started with an introduction by Dr. Jeethu Kurian and welcome speech by Dr. Lucy T Francy. Following which the mic was handed over to Dr. Annie Kitty George. She started with an introduction to Endo Perio Lesion. She talked about the clinical relevance of the topic and ways to diagnose an endo-perio lesion. she explained the classification of endo-perio lesion, differential diagnosis of pulpal and periodontal infections, treatment plan and emergency treatments which need to be done. she also showed may clinical pictures of different types of cases which she had dealt with in her practice. The lecture also included anatomic considerations and

Dr. K. GEORGE VARGHESE
PRINCIPAL

Pushpagiri College of Dental Sciences

variations in pulp and periodontal interaction in different tooth according to its morphology. She concluded the session with brief sum up of all what was told during the class and also cleared all the doubts asked by the participants.

The IKAP session ended with a vote of thanks by Dr. Mahima Mary George

**REPORT ON THE 19TH ONLINE IKAP SESSION
CONDUCTED BY DR. RINO ROOPAK SOMAN
TOPIC: IDENTIFYING PERIODONTAL DISEASES**

COORDINATOR: Dr.Maharouf K

DATE: 9th October 2020

The nineteenth online IKAP session was conducted on 9th October 2020 on Zoom meeting on the topic "Identifying Periodontal Diseases" by Dr. Rino Roopak Soman, MDS, Reader in the Department of Periodontics, Pushpagiri College of Dental Sciences, Thiruvalla.

The Zoom meeting was conducted by Dr.Jeethu Elizabeth Kurian and program conducted by Dr.Maharouf K under the guidance of Dr.Vinod Mathew.

The session was conducted online because of Covid 19 Pandemic situation. The session started at 5:00pm with 45 participants. The session started with the introductory speech by Dr.Jeethu Elizabeth Kurian and welcome speech by Dr. Maharouf K. Later the mic handed over to Dr.Rino Roopak Soman.

Dr. Rino Roopak Soman started session with an introduction of Periodontal Diseases and Periodontal Diagnosis. He explained various clinical diagnostic criteria including bleeding on probing, periodontal pocket depth, clinical attachment loss. The session included various Mucogingival problems such as gingival recession and frenal attachment. He also gave us an overview of furcation, bone defects, tooth mobility, trauma from occlusion, pathologic migration, periodontal abscess and biological width. He mentioned the various radiographic aids used to diagnosis the periodontal diseases. He explained the topic so well with the aid of clinical photograph and videos that helped us to understand the topic more easily.

The doubts that appeared in the Zoom chatbox by interns was discussed by Dr. Jeethu Elizabeth Kurian with Dr. Rino Roopak Soman. The IKAP session ended by vote of thanks by Dr. Lucy T Francy.

REPORT ON THE 18TH IGNITE SESSION CONDUCTED BY DR. MANIKYA ARABOLU SPONSERED BY 3M

TOPIC : Dental infection prevention – COVID 19

Co-ordinator : Dr. Jeethu Elizabeth Kurian

MC of the programme : Dr. Chinnu Mary Jose

Date : 10th August 2020

The eighteenth IGNITE session was conducted on 10th August 2020 on Zoom meeting on the topic 'Dental infection prevention – COVID 19' by Dr. Manikya Arabolu, M.D.S(Prosthodontics), scientific affairs and education coordinator of 3M for south India.

The Session was put together by E20 batch of interns, technically coordinated by Dr. Jeethu. Snaps of the program was taken by Dr. Lucy, feedback form was prepared by Dr. Josmy Varghese and Dr. Jeny Mary Jose was assigned with the report submission of the session. Dr. Chinnu Mary Jose coordinated the session being the MC of the program. The whole program was conducted under the guidance of Dr. Vinod Mathew and Dr. Sneha Mathews.

The session was conducted online because of COVID19 Pandemic situation. The session started at 4:00pm with 81 participants . The session started with a silent prayer & welcome speech by Dr. George varghese, Principal, Pushpagiri College of Dental Sciences. Later the mic was handed over to Dr. Manikya Arabolu .

Dr. Manikya Arabolu discussed on the guidelines of MHA, IDA, CDC, ADA and NIOSH as well as the treatment options that are possible in the current covid 19 pandemic. The session included role of aerosols in dentistry and the way ahead, standard precaution for infection control, interim precaution for covid 19, incorporating infection control in treatment procedures. She explained the topic so well with the slides. She mainly emphasized on standard precautions that include hand hygiene, personal protective equipment(PPE), clean and disinfected environmental surfaces, sterile instruments and devices.

The doubts that appeared in the Zoom chatbox by interns was discussed by Dr. Chinnu Mary Jose with Dr. Manikya Arabolu. Then a talk was delivered by Dr. Vinod where he pointed out the importance of the session and the topic discussed. The session ended by vote of thanks by Dr. Jeethu Elizabeth Kurian .

Participants were asked to fill the feedback form by the speaker of the session to avail the e-certificate of participation. The session ended at 6:30pm.

REPORT ON THE 17TH ONLINE IKAP SESSION CONDUCTED BY DR. OMAL P M

TOPIC: COMMON ERRORS IN OPG

Coordinator: Dr. Josmy Varghese

Date: 25th September 2020

The seventeenth online IKAP session was conducted on 25th September 2020 on Zoom meeting on the topic "Common errors in OPG" by Dr. OMAL P M, M.D.S, Professor and Head of Department of Oral Medicine and Radiology, Pushpagiri College Of Dental Sciences ,Thiruvalla.

The Zoom meeting was coordinated by Dr. Jeethu Kurian & program conducted by Dr.Josmy Varghese under the guidance of Dr. Vinod Mathew.

The session was conducted online because of COVID 19 Pandemic situation. The session started at 7:00pm with 45 participants. The session started with the introductory speech by Dr. Jeethu Elizabeth Kurian & welcome speech by Dr. Josmy Varghese. Later the mic was handed over to Dr.Omal P M.

Dr. Omal P M started the session by paying gratitude to his teacher's and introducing them to us. He explained the topic in a systematic order by first explaining about the errors, the cause of errors and then precautionary measures to avoid them. The session included various common OPG errors such as Ghost images, Lead apron artifact, patient positioning errors, positioning of patient's tongue errors. He explained the topic so well with the aid of OPG radiographs & Videos that helped us to understand the topic more easily. He ended the class by giving us a quiz to test our understanding on the topic which made the session more interesting.

The doubts that appeared in the Zoom chatbox by interns was discussed by Dr.Jeethu Elizabeth Kurian with Dr.Omal P M . The IKAP session ended by vote of thanks by Dr. Jeethu Elizabeth Kurian.

The IKAP session has improved our knowledge on Pathophysiology of different medical conditions and prevention of medical catastrophe and Managing proper treatment plan in patients during our internship period as well as in future clinical practice.

**REPORT ON THE 28th ONLINE IKAP SESSION
CONDUCTED BY DR. NAVIN OOMMEN THOMAS**

**TOPIC: FUNCTIONAL APPLIANCES- CURRENT
CONCEPTS ON ITS MECHANISM OF ACTION**

COORDINATOR: DR. RIYA ROSE JOSEPH

DATE: 10TH JANUARY 2021

The twenty eighth IKAP session was conducted on 10th January 2021 on Zoom meeting on the topic " Functional appliances: Current concepts on its Mechanism of action" by Dr. Navin Oommen Thomas, MDS, Reader in the Department of Orthodontics and Dentofacial Orthopedics, Pushpagiri College of Dental Sciences, Thiruvalla.

The Zoom meeting was coordinated by Dr. Jeethu Elizabeth Kurian and program conducted by Dr. Riya Rose Joseph under the guidance of Dr. Vinod Mathew.

The session was conducted online because of Covid 19 Pandemic situation. The session started at 11 am with 39 participants. The session began with the introductory speech by Dr. Jeethu Elizabeth Kurian and welcome speech by Dr. Riya Rose Joseph. Later the mic was handed over to Dr. Navin Oommen Thomas.

Dr. Navin Oommen Thomas started the session with an introduction of functional appliances followed by its classification. He then discussed case selection based on age, growth pattern, soft tissue analysis, vertical skeletal pattern, VTO(visual treatment objective) and compliance of the patient.

He explained the importance of growth determination in functional appliance therapy and charted comparison between skeletal maturity indices. He also briefly explained each functional appliance with its treatment effects.

Dr. K. GEORGE VARGHESE
PRINCIPAL
Pushpagiri College of Dental Sciences

The doubts that appeared in the Zoom chatbox posted by interns was discussed by Dr. Jeethu Elizabeth Kurian with Dr. Navin Oommen Thomas. The IKAP session ended with the vote of thanks by Dr. Sethulakshmi Rajeev.

**Report on the motivational talk session conducted
by Dr. Varsha Jayaprakash**

Date : 20/08/2020

A motivational talk session was conducted on 20 th August 2020 on zoom application by Dr. Varsha Jayaprakash, former student of Pushpagiri college of dental sciences and is now doing masters on aesthetic dentistry in the University of Ottago, Newzealand.

Dr. Varsha Jayaprakash is now residing at New Zealand and even on her busy schedule, she spared her precious time with us by joining on the online zoom session. The zoom application was coordinated by Dr. Jeethu Elizebeth Kurian and arranged by Dr. Vinod Mathew.

The program started at 11:30 am with about 50 participants. The session started with an introductory speech by Dr. Jeethu Elizebeth Kurian and welcome speech by Dr. Vinayalekshmy I N Nair. Following the speech, the mic was handed over to Dr. Varsha Jayaprakash to start the session.

Dr. K. GEORGE VARGHESE
PRINCIPAL
Pushpagiri College of Dental Sciences

Dr. Varsha Jayaprakash was the university first rank holder in the final year BDS exam in 2011-2012. She told us about her journey as a dentist and hardships she had to go through to get enrolled as a dentist in New Zealand. She gave us an idea regarding how to apply for starting a career in New Zealand and about the New Zealand's dental licensing exam. She also interacted with Dr. Sheryl Madhu , priority clinic and Dr. Ravi Rajan, Department of oral and maxillofacial surgery of Pushpagiri college of dental sciences.

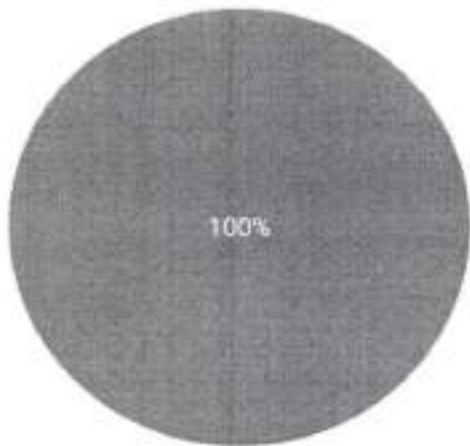

On behalf of interns, Dr. Jeethu Elizebeth Kurian interacted with her and delivered the vote of thanks, after which the session ended.

I-KAP 2014 BATCH

Dr. K. GEORGE VARGHESE
PRINCIPAL
Puthupattanam College of Dental Sciences

Report on the 1st Ikap session conducted by Dr. Mahima

TOPIC: STERILISATION AND DISINFECTION PROTOCOL

Coordinator: Dr. Ahamed Kabeer

Date: 9/5/19

The 1st Ikap session was conducted on the 9th of May 2019 at the auditorium of Pushpagiri College of Dental Sciences on the topic: Sterilization and disinfection protocols by Dr. Mahima of the Department of Oral Medicine and Radiology. The program started off by 9:15 am. The session was started by an introductory speech by Dr. Ahamed Kabeer, intern of the 2014 batch, mentioning about Dr. Mahima's educational background, publications, area of interest, and previous work experience. Following the introductory speech, the mic was handed over to Dr. Mahima to start with her session. The session started with Dr. Mahima's informative presentation on various aspects of sterilization and disinfection protocols, which included the following topics in her seminar: the importance of sterilization and disinfection and the problems faced while compromising them in clinical practice. She also included the protocols to be followed in sterilization and disinfection. She also mentioned the benefits while following these protocols. The last few minutes were an interactive session with the interns. The session ended at 10:15, followed by a vote of thanks proposed by Dr. Ahamed Kabeer, and the session ended with the national anthem.

4 responses

Awesome

Very good session

A perfect hands class

Preclinical rotary endodontics labs should be made for interns

Result:

Dr. K. GEORGE VARGHESE
PRINCIPAL
Pushpagiri College of Dental Sciences

The program was a success as cent percent of all those you attended the program responded by saying that the IKAP session was informative and clinically relevant.

Also, around 90.6 percentage of the attendees agree that rotary endodontics is more efficient than manual endodontics.

The IKAP session was able to bring about a positive attitude among interns about the benefits of rotary endodontics over conventional methods.

IKAP Session-19

Date-14/11/2019

Speaker- DR HABY MATHEW SAMSON

Coordinated by - DR ASHIKA JOLLY

Chief coordinator- DR VINOD MULAMOOTTIL

TOPIC: TOOTH PREPRATION

The session started at 8:45 am by Dr. Haby Mathew Samson (Senior Lecturer in department of prosthodontics). He gave some more clarity to the topic. He presented new Knowledge's to us, especially clinical relevant factors. He explained each step involved in the clinical practice. He gave us the guidelines regarding the tooth preparation and type of burs used in each step. He completed his session by 10:30.

Co-ordinator – Yohanan Shiny Lukose

The 24th Ikap session was conducted on 3rd May 2018 at the auditorium of Pushpagiri college of dental sciences on the topic: Ethics by Dr. George Varghese MDS Head of the Department of Oral and Maxillofacial surgery. The program started off by 9:00am, the session was started by an introductory speech by Dr. Yohanan Shiny Lukose intern of 2013 batch, mentioning about Dr. George Varghese educational background, publications, area of interest and previous work experience. Followed by the introductory speech the mic was handed over to Dr. George Varghese to start with his session. The session started with informative presentation on various concepts of Ethics, sir mentioned about the ethical principles like to do no harm, to do good, respect for persons, justice, veracity, confidentiality. Sir also notified us regarding the various unethical practices nowadays in the society, and how to react and report against the same; sir guided us that a professional person is expected to have respect for human beings, competence in his chosen field, integrity and a primary concern with service rather than with prestige or profit. The session ended by 10:15am. Ikap session was concluded by vote of thanks by Dr. Yohanan Shiny Lukose followed by the departure of interns gathered to their respective departments.

Feedback of this Ikap is as follows: [htNm40VWQo5CG7ZvAtoG3o0w/viewform](https://forms.gle/htNm40VWQo5CG7ZvAtoG3o0w)

Report on the 3rd online IKAP session conducted
by Dr. Shibi Mathew V

Topic : TOOTH PREPARATION FOR FULL VENEER CROWNS

Co-ordinator :Dr. Alvina Anto

Date : 29th May 2020

The third online IKAP session was conducted on 29th may 2020 on Webex Meet application on the topic "Tooth preparation for full veneer crowns" by Dr. Shibi Mathew V, M.D.S , Senior Lecturer Department Of Prosthodontics and who now works in Priority Clinic, Pushpagiri College of Dental Sciences, Tiruvalla. The session was conducted online because of COVID-19 pandemic situation. The Webex Meet application was coordinated by Dr. Jeethu Elizabeth and the program was conducted by Dr. Alvina Anto, under the guidance of Dr. Vinod Mathew and Dr. Sneha Mathews.

The program started at 7.30pm. There were about 59 participants. The session started with an introductory speech by Dr. Sneha Mathews and welcome speech by Dr. Alvina Anto. Following the speech, the mic was handed over to Dr. Shibi Mathew to start the session. The session started with relevance of crown preparation. She gave a detailed lecture on tooth preparation for full veneer crowns including indications, contraindications, advantages and disadvantages. She also detailed about principles of tooth preparation including preservation of tooth, retention form, resistance form,

preservation of periodontium and aesthetics. She also shared about the tooth preparation in full metal, metal – ceramic and all ceramic crowns. She concluded the class by saying one must be able to judge correctly the type of restoration required for each individual tooth and try to follow the guidelines for the respective tooth preparation. On behalf of the interns, the various doubts appeared in Webex chatbox were discussed by Dr.Sneha with Dr.Shibi Mathew. Dr.Vinod Mathew had also made a note on relevance of radiograph, and explained how to overcome certain difficulties in various clinical scenarios. The IKAP session ended with vote of thanks by Dr.Alvina Anto at 9 pm.

REPORT ON THE 4TH ONLINE IKAP SESSION
CONDUCTED BY DR.HABY MATHEW SOMSON

Topic : DENTAL IMPLANTS

Co-ordinator : Dr.Angel Sara Thomas

Date : 5th June 2020

The fourth online IKAP session was conducted on 5th June 2020 on Webex Meet application on the topic 'Dental Implants' by Dr. Haby Mathew Somson , M.D.S , Reader , Department of Prosthodontics , Pushpagiri college of dental sciences, Tiruvalla.

The session was conducted online because of COVID19 Pandemic situation. The Webex Meet application was coordinated by Dr.Jeethu Elizabeth Kurian and the program was conducted by Dr. Angel Sara Thomas under the guidance of Dr.Vinod Mathew and Dr.Sneha Mathews.

The program started at 7.30pm with about 55 participants. The session started with an introductory speech by Dr.Sneha Mathews and welcome speech by Dr.Angel Sara Thomas. Following the speech, the mic was handed over to Dr.Haby Mathew Somson to start the session. The session started with an introduction on dental implants and the situations where we prefer an implant over F.P.D.He also explained parts and structure of implants in detail

with videos. He also talked about the rationale of dental implants and taught us how it works. Explanations of diagnosis and treatment planning were given. He also talked about the indications, contraindications, advantages and disadvantages of dental implants. The basic procedure was explained in steps with the help of videos. He also showed us pictures of clinical cases done by himself. Finally some advances in implantology was explained with a conclusion that implants should not be considered as the gold standard or an ultimate treatment option. On behalf of interns, doubts appeared in the Webex chat box was discussed by Dr. Sneha Mathews with Dr. Haby Mathew Somson. The IKAP session ended by a vote of thanks by Dr. Angel Sara Thomas.

This IKAP session has enlightened us on dental implant basics and clinical aspects. This will help us for treatment planning of patients during our internship days and future practice as well.

Report on the 5th Online IKAP Session
conducted by Dr.Joshy P Abraham

Topic: **LAMINATE VENEERS**

Coordinator: Anjaly Sabeth

The fifth online IKAP session was conducted on 19th June 2020 on webex meet application on the topic “Laminate Veneers” by Dr.joshy P Abraham, MDS, Senior Lecturer in the Department of Prosthodontics and who is now working in priority clinic, Pushpagiri College of Dental Sciences, Thiruvalla.

The session was conducted online because of covid -19 pandemic situation .The webex meet application was coordinated by Dr.Jeethu Elizabeth Kurian and the program

was conducted by Dr. Anjaly Sabeth under the guidance of Dr.Vinod Mathew and Dr. Sneha Mathews.

The Program started at 7.00pm.and there were about 58 participants.

The session was beautifully started with a welcome speech by Dr.Jeethu Elizabeth Kurian. She introduced Dr.Joshy P Abraham to the listeners.

Following the speech, the mic was handed over to Dr.Joshy P Abraham. The session started by stating the importance of natural teeth for the long term prognosis of restorative procedure .He discussed in detail

about indications and contraindications about Laminate Veneers. He briefed us about case selection, operative sequence, tooth preparation, impression materials and impression taking in his class. He talked about provisional restoration, lab procedures, try in, cementation, complication. He also added a note on the recent advances like Bonded Artificial Enamel. The Class concluded with discussion of a case by Dr.vinod on the behalf of interns, Dr.Jeethu discussed various doubts which appeared in webex chat box with Dr.Joshy. The IKAP session ended with vote of thanks by Dr.Anjaly Sabeth at 9 pm.

Report on the 6th Online IKAP Session conducted by

Dr Amal Fathima

Topic : ENDODONTIC DIAGNOSIS

Coordinator : Anu Anna Wilson

Date : 27th June 2020

The sixth online IKAP session was conducted on 27th of June 2020 on zoom application on the topic 'Endodontic Diagnosis' by Dr Amal Fathima, MDS, Senior Lecturer in the Department of Endodontics and is now working in the priority clinic, Pushpagiri College of Dental Sciences, Thiruvalla.

The session was conducted online because of the unexpected outbreak of COVID 19 Pandemic situation. The zoom application was co-ordinated by Dr Jeethu Elizebeth Kurien and the program was conducted by Dr Anu Anna Wilson under the guidance of Dr Vinod Mathew and Dr Sneha Mathews.

The program started at 5 pm with about 58 participants. The session started with an introductory speech by Dr Jeethu Elizebeth Kurien and welcome speech by Dr Anu Anna Wilson. Following the speech, mic was handed over to Dr Amal Fathima to start the session. The session started with an introduction on Endodontic Diagnosis. She explained the various clinical presentations like pain, swelling, fistula, tooth discolouration and broken tooth. She added a note on pulp vitality tests. She also enlightened us on various pulpal and periapical conditions. She also included various clinical scenarios and explained how to make a diagnosis on endodontic treatment. The class has absolutely helped us to understand the important points which have to be kept in mind to reach a proper endodontic diagnosis.

Few doubts were discussed by Dr Jeethu Kurien with Dr Amal Fathima and due to limited time the remaining doubts were clarified in the online IKAP whatsapp group by Dr Sneha Mathews after discussing with Dr Amal Fathima.

Before the end of the session , Dr Vinod Mathew again emphasized on the importance of Endodontic Diagnosis in clinical practice.

Vote of thanks was given by Dr Anu and the session ended at 6:15pm.

**REPORT ON THE 7TH ONLINE IKAP SESSION CONDUCTED BY
DR.NAIZA GEOJAN**

Topic: RCT-CONVENTIONAL TO CONTEMPORARY

Coordinator: Aparna Thomas

Date: 3rd July 2020

The seventh online IKAP session was conducted on 3rd of July 2020 on google meet application on the topic "RCT: Conventional to Contemporary" by Dr.Naiza Geojan, MDS, Senior Lecturer in the Department of Endodontics and is now working in the priority clinic, Pushpagiri College of Dental sciences, Thiruvalla.

The session was conducted online because of the unexpected outbreak of COVID19 pandemic situation. The google meet application was coordinated by Dr.Jeethu Elizabeth Kurian and the program was conducted by Dr.Aparna Thomas under the guidance of Dr.Vinod Mathew and Dr.Sneha Mathews.

The program started at 7.30 pm with about 58 participants. The session started with an introductory speech by Dr.Jeethu Elizabeth Kurian and welcome speech by Dr.Aparna Thomas.

Following the speech, mic was handed over to Dr.Naiza Geojan to start the session. The session started with an introduction about Root Canal Treatment. She mentioned the goals of endodontics and gave us an overview of root canal therapy. She enlightened us on the phases of RCT like access opening, working length determination, cleaning and

shaping, irrigation and obturation. She explained about the instruments used for access cavity preparation, various access cavity designs, techniques of working length determination, and about various irrigants and obturating materials used. She also added a note on various terminologies like patency filing and glide path. At last, we could also note about the various high tech instruments and magnification methods used in contemporary endodontics. The class has absolutely helped us to understand the important points which have to be kept in mind to perform a proper root canal treatment.

On behalf of interns, doubts appeared in the google meet chat box was discussed by Dr.Jeethu Elizabeth Kurian with Dr.Naiza Geojan. The IKAP session ended by a vote of thanks by Dr.Aparna Thomas.

**Report on the motivational talk session conducted
by Dr. Varsha Jayaprakash**

Date : 20/08/2020

A motivational talk session was conducted on 20 th August 2020 on zoom application by Dr. Varsha Jayaprakash, former student of Pushpagiri college of dental sciences and is now doing masters on aesthetic dentistry in the University of Ottago, Newzealand.

Dr. Varsha Jayaprakash is now residing at New Zealand and even on her busy schedule, she spared her precious time with us by joining on the online zoom session. The zoom application was coordinated by Dr. Jeethu Elizebeth Kurian and arranged by Dr. Vinod Mathew.

The program started at 11:30 am with about 50 participants. The session started with an introductory speech by Dr. Jeethu Elizebeth Kurian and welcome speech by Dr. Vinayalekshmy I N Nair. Following the speech, the mic was handed over to Dr. Varsha Jayaprakash to start the session.

Dr. Varsha Jayaprakash was the university first rank holder in the final year BDS exam in 2011-2012. She told us about her journey as a dentist and hardships she had to go through to get enrolled as a dentist in New Zealand. She gave us an idea regarding how to apply for starting a career in New Zealand and about the New Zealand's dental licensing exam. She also interacted with Dr. Sheryl Madhu , priority clinic and Dr. Ravi Rajan, Department of oral and maxillofacial surgery of Pushpagiri college of dental sciences.

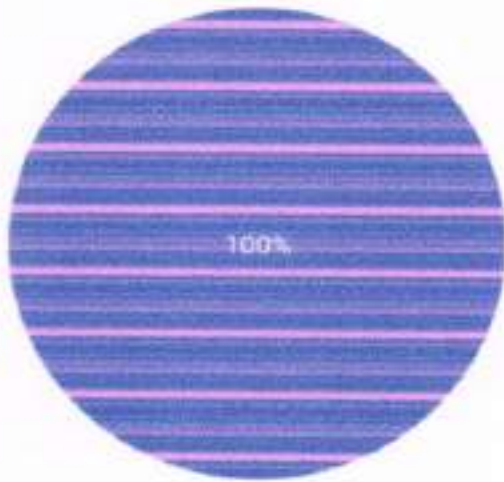

On behalf of interns, Dr. Jeethu Elizebeth Kurian interacted with her and delivered the vote of thanks, after which the session ended.

Coordinator: Dr. Josmy Varghese

Date: 25th September 2020

The seventeenth online IKAP session was conducted on 25th September 2020 on Zoom meeting on the topic "Common errors in OPG" by Dr. OMAL P M, M.D.S, Professor and Head of Department of Oral Medicine and Radiology, Pushpagiri College Of Dental Sciences ,Thiruvalla.

The Zoom meeting was coordinated by Dr. Jeethu Kurian & program conducted by Dr.Josmy Varghese under the guidance of Dr. Vinod Mathew.

The session was conducted online because of COVID 19 Pandemic situation. The session started at 7:00pm with 45 participants. The session started with the introductory speech by Dr. Jeethu Elizabeth Kurian & welcome speech by Dr. Josmy Varghese. Later the mic was handed over to Dr.Omal P M.

Dr. Omal P M started the session by paying gratitude to his teacher's and introducing them to us. He explained the topic in a systematic order by first explaining about the errors, the cause of errors and then precautionary measures to avoid them. The session included various common OPG errors such as Ghost images, Lead apron artifact, patient positioning errors, positioning of patient's tongue errors. He explained the topic so well with the aid of OPG radiographs & Videos that helped us to understand the topic more easily. He ended the class by giving us a quiz to test our understanding on the topic which made the session more interesting.

The doubts that appeared in the Zoom chatbox by interns was discussed by Dr.Jeethu Elizabeth Kurian with Dr.Omal P M . The IKAP session ended by vote of thanks by Dr. Jeethu Elizabeth Kurian.

Coordinator, Dr. Joany Varghese

Date: 28th September 2020

The synchronous online IJAP session was conducted on 28th September 2020 on Zoom meeting on the topic "Common Error in ORG" by Dr. Omal P M, M.D.S., Professor and Head of Department of Oral Medicine and Pathology, Puthappan College of Dental Science, Thrissur.

The Zoom meeting was coordinated by Dr. Jashin Kishan & program conducted by Dr. Joany Varghese under the guidance of Dr. Vinod Mathew.

The session was conducted online because of COVID-19 pandemic situation. The session started at 7:00pm with 45 participants. The session started with the introductory speech by Dr. Jashin Kishan & welcome speech by Dr. Joany Varghese. Later the topic was handed over to Dr. Omal P M.

Dr. Omal P M started the session by saying gratitude to his teachers and introducing them to us. He explained the topic in a systematic order by first explaining about the error, the cause of error and then precautionary measures to avoid them. The session included various common ORG errors such as Great angles, Lead space without patient centring error, positioning of patient's tongue error. He explained the topic so well with the aid of ORG radiographs & Videos that helped us to understand the topic more easily. He ended the class by giving us a quiz to test our understanding on the topic which made the session more interesting.

The doubts that occurred in the Zoom chatbox by interns were discussed by Dr. Jashin Kishan & Dr. Omal P M. The IJAP session ended by vote of thanks by Dr. Jashin Kishan.

The session emphasized one of the clinically relevant topic that we often encounter as Dentists while taking an OPG. This session helped us understand the topic more clearly & cleared all our doubts that we encounter while taking a OPG such as how to identify an OPG errors and how to prevent such errors while taking them.

REPORT ON THE 18th ONLINE IKAP SESSION CONDUCTED BY DR. JOHN PHILIP

TOPIC : BEHAVIOUR MANAGEMENT

Co-ordinator : Dr. Jeethu Elizabeth Kurian

Date : 02nd October 2020

The eighteenth online IKAP session was conducted on 02nd October 2020 on Zoom meeting on the topic "Behavior Management" by Dr. John Philip M.D.S, Reader , Department of Pedodontics, Pushpagiri College of Dental Sciences, Tiruvalla . The Zoom meeting was coordinated & conducted by Dr. Jeethu Elizabeth Kurian under the guidance of Dr. Vinod . The session was conducted online because of COVID19 Pandemic situation. The session started at 7:00 pm with 45 participants . The session started with the welcome speech by Dr. Jeethu Elizabeth Kurian after which the mic was handed over to Dr. John Philip. Dr. John Philip discussed on various aspects of behaviour management . he explained with the help of different scenarios how to manage a child patient in the clinic. It was a communicative session where he engaged the listeners with questions and their opinions. All the doubts were cleared during the session . The IKAP session ended by vote of thanks by Dr. Maharouf Kalam.

**REPORT ON THE 19TH ONLINE IKAP SESSION
CONDUCTED BY DR. RINO ROOPAK SOMAN
TOPIC: IDENTIFYING PERIODONTAL DISEASES**

COORDINATOR: Dr.Maharouf K

DATE: 9th October 2020

The nineteenth online IKAP session was conducted on 9th October 2020 on Zoom meeting on the topic "Identifying Periodontal Diseases" by Dr. Rino Roopak Soman, MDS, Reader in the Department of Periodontics, Pushpagiri College of Dental Sciences, Thiruvalla.

The Zoom meeting was conducted by Dr.Jeethu Elizabeth Kurian and program conducted by Dr.Maharouf K under the guidance of Dr.Vinod Mathew.

The session was conducted online because of Covid 19 Pandemic situation. The session started at 5:00pm with 45 participants. The session started with the introductory speech by Dr.Jeethu Elizabeth Kurian and welcome speech by Dr. Maharouf K. Later the mic handed over to Dr.Rino Roopak Soman.

Dr. Rino Roopak Soman started session with an introduction of Periodontal Diseases and Periodontal Diagnosis. He explained various clinical diagnostic criteria including bleeding on probing, periodontal pocket depth, clinical attachment loss. The session included various Mucogingival problems such as gingival recession and frenal attachment. He also gave us an overview of furcation, bone defects, tooth mobility, trauma from occlusion, pathologic migration, periodontal abscess and biological width. He mentioned the various radiographic aids used to diagnosis the periodontal diseases. He explained the topic so well with the aid of clinical photograph and videos that helped us to understand the topic more easily.

The doubts that appeared in the Zoom chatbox by interns was discussed by Dr. Jeethu Elizabeth Kurian with Dr. Rino Roopak Soman. The IKAP session ended by vote of thanks by Dr. Lucy T Francy.

This IKAP session has improved our knowledge on various periodontal diseases. This will surely help us in identifying and diagnosing various periodontal diseases and formulating proper treatment plan in patients during our internship period as well as in future clinical practice.

The 12/27 section has improved our knowledge on various postnatal illnesses. This will surely help us in identifying and diagnosing various postnatal illnesses and formulating proper treatment plan for patients during our internship period as well as in future clinical practice.

REPORT ON 20TH ONLINE IKAP SESSION
CONDUCTED BY DR. ANNIE KITTY GEORGE

TOPIC: ENDO PERIO LESION

CO-ORDINATOR : DR. LUCY T FRANCY

DATE: 16TH OCTOBER 2020

The 20th online IKAP session was conducted on 16th October 2020 on zoom meeting application on the topic 'Endo-Perio lesion' by Dr. Annie Kitty George, MDS , Professor ,Department of Periodontics , Pushpagiri College of Dental Sciences.

The session was conducted online because of COVID19 pandemic. The zoom meeting was technically coordinated by Dr. Jeethu Elizabeth Kurian and conducted by Dr. Lucy T Francy under the guidance of Dr. Vinod Mathew.

The program started at 7:30 pm with 45 attendees. The session started with an introduction by Dr. Jeethu Kurian and welcome speech by Dr. Lucy T Francy. Following which the mic was handed over to Dr. Annie Kitty George. She started with an introduction to Endo Perio Lesion. She talked about the clinical relevance of the topic and ways to diagnose an endo-perio lesion. she explained the classification of endo-perio lesion, differential diagnosis of pulpal and periodontal infections, treatment plan and emergency treatments which need to be done. she also showed may clinical pictures of different types of cases which she had dealt with in her practice. The lecture also included anatomic considerations and

variations in pulp and periodontal interaction in different tooth according to its morphology. She concluded the session with brief sum up of all what was told during the class and also cleared all the doubts asked by the participants.

The IKAP session ended with a vote of thanks by Dr. Mahima Mary George

**REPORT ON 25TH ONLINE IKAP SESSION CONDUCTED BY
DR. AKHILESH PRATHAP
TOPIC: PRESCRIBING DRUGS**

COORDINATOR: DR. MARIA THOMAS MANGALY

DATE: 20TH NOVEMBER 2020

The twenty fifth online IKAP session was conducted on 22nd November 2020 on zoom meeting on the topic "Prescribing Drugs" by Dr. Akhilesh Prathap, MDS, Associate Professor in the Department of Oral and Maxillofacial Surgery, Pushpagiri college of Dental Sciences, Thiruvalla.

The zoom meeting was conducted by Dr. Jeethu Elizabeth Kurian and program conducted by Dr. Maria Thomas Mangaly under the guidance of Dr. Vinod Mathew.

The session was conducted online because of covid 19 pandemic situation. The session started at 7pm with 41 participants. The session started with the introductory speech by Dr. Jeethu Elizabeth Kurian and welcome speech by Dr. Maria Thomas Mangaly. Later the mic was handed over to Dr. Akhilesh Prathap.

Dr. Akhilesh started the session by discussing why drugs are being prescribed ,its role in reducing pain and other clinical features. He then refreshed our basics of pharmacology which we learned during our course; the commonly used drugs ,their indications, contraindications, mode of action, its dosage and various effects of overdose. He mainly focused on antibiotics and analgesics, and explained why we actually use them. He explained about MIC and MBC. He also explained how the right dosage can be given and the points to remember while prescribing drugs to each patient. He also shared with us the future in research in the field of drugs. He also sited various clinical features and discussed the preferred drugs that can be used for them. Dr. Akhilesh had a really exciting mode

of explaining and understanding things by relating them to our day to day activities.

The doubts that appeared in the zoom chatbox by interns were discussed by Dr. Jeethu Elizabeth Kurian with Dr. Akhilesh Prathap. The ikap session ended by vote of thanks by Dr. Rashika Parveen.

POSTER OF IKAP SESSION

The poster is a promotional graphic for an online session. At the top left is the I-KAP logo. To its right is the Pushpagiri College of Dental Sciences logo, which includes a caduceus symbol and the text 'PUSHPAGIRI COLLEGE OF DENTAL SCIENCES'. Below these logos, the main title 'ONLINE IKAP 2020' is displayed in large, bold letters, followed by 'TWENTY FIFTH SESSION' and 'LIVE WEBINAR'. A central pink box contains the topic: 'TOPIC: PRESCRIBING DRUGS'. Below this, there are three main sections: a speaker profile for Dr. Akhilesh Prathap, MDS, Associate Professor in the Department of Oral and Maxillofacial Surgery; a Zoom meeting information box with ID 83835853123 and passcode 018880; and a date box for November 20, 2020, at 07:00 PM. The Zoom logo and a '2015 INTERNS' logo are also present.

47 responses

Yes
No

RESULT

The program was successful as 100% students attended the session responded by saying that the IKAP session was 100% informative, clinically relevant, and all 97.9% doubts cleared, and the session was 97.7% accessible and legible.

RESULTS

The results of the study are presented in the following tables. The first table shows the distribution of the data, and the second table shows the results of the statistical analysis. The data indicates that there is a significant difference between the two groups, and the statistical analysis confirms this finding.

Any other suggestions

4 responses

Awesome

Very good session

A perfect hands class

Preclinical rotary endodontics labs should be made for interns

Result:

The program was a success as cent percent of all those you attended the program responded by saying that the IKAP session was informative and clinically relevant.

Also, around 90.6 percentage of the attendees agree that rotary endodontics is more efficient than manual endodontics.

The IKAP session was able to bring about a positive attitude among interns about the benefits of rotary endodontics over conventional methods.

IKAP Session-19

Date-14/11/2019

Speaker- DR HABY MATHEW SAMSON

Coordinated by - DR ASHIKA JOLLY

Chief coordinator- DR VINOD MULAMOOTTIL

TOPIC: TOOTH PREPRATION

The session started at 8:45 am by Dr. Haby Mathew Samson (Senior Lecturer in department of prosthodontics). He gave some more clarity to the topic. He presented new Knowledge's to us, especially clinical relevant factors. He explained each step involved in the clinical practice. He gave us the guidelines regarding the tooth preparation and type of burs used in each step. He completed his session by 10:30.

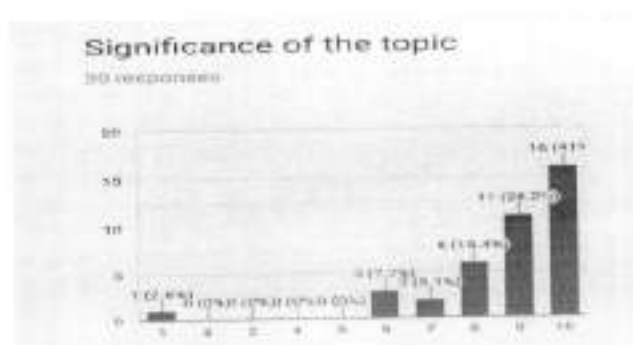

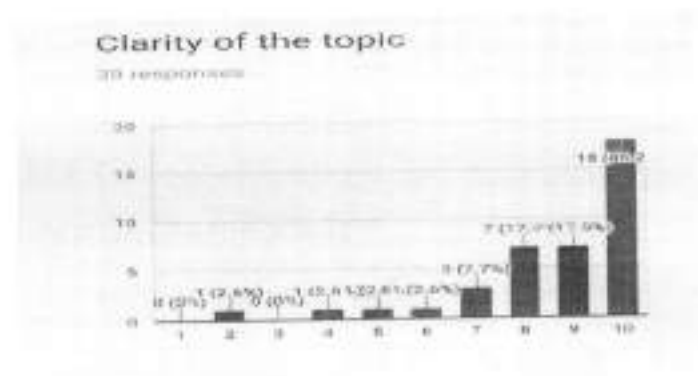

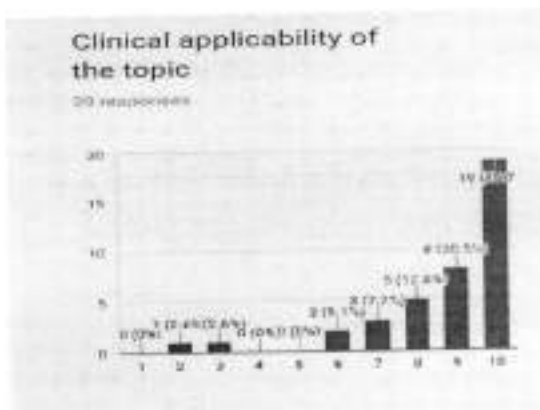

Feedback Report
